Nitrous Oxide Sedation Review

**Historical, Philosophical and Psychological Aspects of Anxiety and Pain Control - Marvin Leventer, DDS**

Historical, philosophical and psychological aspects of anxiety and pain control.

**Patient Evaluation and Selection - Marvin Leventer, DDS**

Patient evaluation and selection through review of medical history taking, physical diagnosis and psychologicalprofiling.

**Definitions and Descriptions of Physiological and Psychological Aspects of Anxiety and Pain - Marvin Leventer, DDS**

Definitions and descriptions of physiological and psychological aspects of anxiety and pain.

**Stages of Drug-induced Central Nervous System Depression - Marvin Leventer, DDS**

Description of the stages of drug-induced central nervous system depression through all levels of consciousness and unconsciousness, with special emphasis on the distinction between the conscious and the unconscious state.

**Respiratory and Circulatory Physiology and Related Anatomy - Marvin Leventer, DDS**

Review of pediatric and adult respiratory and circulatory physiology and related anatomy.

**Associated Pharmacology - Marvin Leventer, DDS**

Pharmacology of agents used in enteral and/or combination inhalation-ental minimal sedation, including drug interactions and incompatibilities.

**Combined Minimal Sedation - Marvin Leventer, DDS**

Indications and contraindications for use of enteral and/or combination inhalation-ental minimal sedation (combined minimal sedation).

**Review of Dental Procedures Possible Under Enteral and/or Combination Inhalation-ental Minimal Sedation - Marvin Leventer, DDS**

Review of dental procedures possible under enteral and/or combination inhalation-ental minimal sedation.

**Patient Monitoring - Marvin Leventer, DDS**

Patient monitoring using observation, monitoring equipment, with particular attention to vital signs and reflexes related to consciousness.

**Maintaining Proper Records - Marvin Leventer, DDS**

Maintaining proper records with accurate chart entries recording medical history, physical examination, informed consent, time-oriented anesthesia record, including the names of all drugs administered including local anesthetics, doses, and monitored physiological parameters.

**Complications/ Life Threatening Situations - Marvin Leventer, DDS**

Prevention, recognition and management of complications and life-threatening situations.

**Administration of Local Anesthesia - Marvin Leventer, DDS**

Administration of local anesthesia in conjunction with enteral and/or combination inhalation-ental minimal sedation techniques.
Nitrous Oxide Sedation Review

Description and Use of Inhalation of Sedation Equipment - Marvin Leventer, DDS

Description and use of inhalation sedation equipment.

Potential Health Hazards of Trace Anesthetics and Proposed Techniques for Limiting Occupational Exposure - Marvin Leventer, DDS

Introduction to potential health hazards of trace anesthetics and proposed techniques for limiting occupational exposure.

Abuse Potential - Marvin Leventer, DDS

Discussion of Abuse Potential.
